Good morning/Good evening Father! I am Francine/dei, 21 years old. Prisoner From Tai Lam Correctional For Women. Some people here told me about you father, ever since I got here (Feb 23, 2026) I've requested to see and meet you to the welfare, I think I tried 3 times already but they said there are many people wanting to see you so I patiently wait for my turn. Im ~~at~~ currently at the hospital father. (HOSPITAL STAGE at T.L.C.W) I got ~~was~~ arrested at the Airport cause someone set up me for drug trafficking (2kg of cannabis) at first I always cried at night but I remembered God. I started praying, and encouraged others to pray. For the last 24 days I stayed in Hospital Im the longest one here now. I watch people come and go, I watch people cry and lose hope and faith in God. While I was here God never let me down. he was always with me. thats one of the reason why I wanted to meet you too. I want to get blessed to be pray overed, to confess. I have no family in Hong Kong. Father. thats the hardest thing that Im praying to God for. I hope I can go home before Christmas, cause I want to spend it with them. 
Im a Filipino, 21 years old. have no one in Hong Kong. I was set up in Thailand for drug trafficking to Hong Kong, I believe it 2.6 kg Cannabis and they told me it was Gold. Since then I was in Tai Lam. I have found 3 other people who have been a victim of the same person. They are looking for her now in the Philippines. I really hope you ~~you~~ can help me, contact or meet me soon as you receive this father. I wish you well Father. take care and God bless father.

TO: Father John Wotherspoon

Good morning father! I am Czar Francine Deity Miranda the 21 years old Filipina who was a victim of Drug trafficking here in Hong Kong. I was arrested at Hong Kong Airport last February 21, 2026 and was charged for Drug trafficking of 2kg of Cannabis. I sent you a letter before around March 2026 when I was still in Tai Lam correctional for women. I am now at Lowu Correctional Institution, Father. I was transferred here last March 30, 2026. I thank God because I am with Ma. Christina Delos Santos Fernandez, 16978-25. We were victims of the same case and also the same person who set us up and put us in this situation. I am "Ana's" 4th victim Father.

I met Ana from a friend in the Philippines but we are not close friends, she added/followed me in Instagram and time after time she asked me if I know someone who would want to travel from Thailand to Hong Kong and carry a luggage with GOLD inside. She offered a payment worth 25,000 HKD which is 100,000+ in Philippine peso. I replied to her saying I'll try if someone would want to.

Days pass by and my Grandmother died. My mom had many debts for her hospital and funeral bills. My mom is an OFW in Japan working as a teacher. She tries her best to pay everything including my school fees. Before I offered myself to Ana, me and my mom had an argument. I told her I want to stop studying for the meantime, I want to work and bake some of my recipes so I can earn money. Don't get me wrong Father I love to study. I have dreams and plans for my future. But at that moment, I don't want to see my mom suffer working everyday until night time and in the weekends just so she can pay for every debt and fees she need to face. I love my mom much as I love my grandparents who looked after me since I was a kid. She didn't want me to stop studying but I insisted so she won't kill herself in working so hard. I wanted to help her, Father. That's why I took Ana's offer. I was vulnerable back then that I haven't think of it through.

I was really regretting in believing her that much. And now I just want to be my Family's arms and hug them so bad. but as I talk to God every night I always tell him that I accept this punishment and this journey he gave me. but I wish as my mom told me that my granddad is getting weaker as the day goes by and he doesn't know anything about what's happening, he is always looking for me. I hope before God takes him away I hope he'll give me the chance to at least hug him and take care of him on his last moments. I also ask for you to please pray for him father. Please, Father. If you received my letter please pray for him too.

That's all for now father. thank you. I hope you can visit us here in Low so I can share/provide more details to you. thank you so much for building this Foundation who could help people like us in our situation father! May God bless you more and more! I'm looking forward to see and meet you soon, Father John.
