Many things have happened since the day that I entered into this dark tunnel...

A life in prison, I want to be changed...

I have already asked for God's forgiveness for all the sins I have committed, for all my wrongdoings which have grieved my family now I want to start this new year with a happy heart and a determination to change...

At first, I had a hard time accepting my long term sentence, but I have gradually learned to put my trust in God and leave all my worries to him, because He's the only one, who can give me grace to lighten my burden, and to continue living...

I still believe in miracles, but they say that miracles happen to those who hold onto their hope, some people are afraid to hope because they have been hurt so much in life and had so many disappointments they do not think, they can face the pain of another one, they refuse to hope, that they won't be disappointed...

However with the help of God, I let go all my anger, hatred, self, pity and anxiety...

I keep my mind positive, because it gave me full faith and hope...

If we are with God all things will become possible, I know that my future will be determined by my past and my present...

We all make mistakes, what happens has already happened and I cannot bring back the past, prison life has taught a lot of things, but I will never forget that I am still a child of God, which gives me dignity, I am free to accept all his love...

I realize that I cannot change my situation so had to accept it no matter what and no matter how hard it is...

But acceptance does not mean giving up! God never judges us by our mistakes He looks into our heart and He trusts people who are really willing to change and come back to him with repentance...

It is never too late...  
Let go and let God.

Nunca es demasiado tarde para cambiar y ser una mejor persona, Dios nunca nos va juzgar por nuestros errores al contrario nos da una y millones de oportunidades más para cambiar...  
De corazón agradecería a todos aquellos que lean mi carta que hagan una oración por todos quienes nos encontramos privados de libertad a nivel mundial, porque somos humanos y como nos equivocamos, también cambiamos, mis mejores deseos para todos los Venezolanos en esta Navidad y que el nuevo año sea hipótesis para todos desde Hong Kong en Low Correctional Institution una Venezolana presa en el Extranjero!
